

freight management

About Us

● Business Concept

We work closely with our customers to simplify logistics, provide reliable transport and customs support and help improve supply chains through practical, high-quality freight solutions.

● Mission & Vision

Our mission and vision is to deliver smart, end-to-end transport and logistics solutions, taking full operational responsibility across the supply chain while optimizing performance through technology, sustainability and a forward-looking approach to business needs.

SERVICES

● TRANSPORT

We operate spacious **100 and 120 m³** in our **own fleet**, equipped with **Fixboard systems**—**vertical boards integrated into the side curtains**—that enable efficient side loading and **reduce loading and unloading** times by **up to 40%**. Each unit features side **curtains with integrated anti-theft** (anti-vandal) **mesh**, a **roof-mounted security mesh**, and **LED cargo space lighting** to enhance load protection.

● WAREHOUSING

As a logistics service provider, Universal Exports offers modern **high-bay warehousing facilities** combined with comprehensive logistics operations and reliable transport services between warehouse locations and customer production sites, ensuring smooth, efficient and well-coordinated supply chain operations.

● FREIGHT MANAGEMENT

Universal Exports delivers comprehensive **freight management services**, coordinating both domestic and international transport operations. We manage **carrier selection**, route planning, documentation and **real-time tracking** to ensure efficient, reliable and cost-effective deliveries tailored to our customers' supply chain needs.

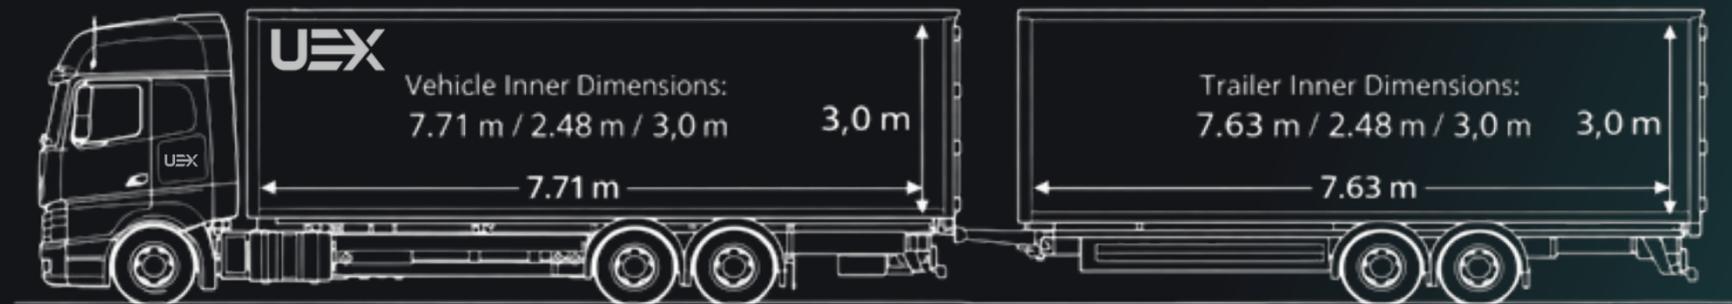

Symmetrical Jumbo Road Train 120 m³

Symmetrical Jumbo is the flagship truck set in our fleet, offering a payload of **up to 22.5 tonnes** and a cargo volume of **120 m³**. We specialize in the transport of food packaging, which requires strict standards for fleet maintenance — with particular focus on **cleanliness** and **tightness of the cargo space**.

Key Equipment & Features:

- Sliding side curtains with **Fixboard system** streamlining side loading, reducing loading and unloading times by up to **40% compared to traditional solutions**
- **Sliding and lifting roof** system enabling efficient loading and unloading
- **Through-loading system** between the vehicle and trailer for faster transfer of goods
- Internal **cargo space LED lighting** to improve visibility during loading and unloading operations
- Side curtains and roof equipped with **integrated anti-theft** (anti-vandal) **security mesh** for enhanced cargo protection

Mega Trailer

100 m³

Mega Trailer is the flagship truck set in our fleet, offering a payload of up to **25 tonnes** and a cargo volume of **100 m³**. We specialize in the transport of food packaging, which requires strict standards for fleet maintenance — with particular focus on **cleanliness** and **tightness of the cargo space**.

Key Equipment & Features:

- Sliding side curtains with **Fixboard system** streamlining side loading, reducing loading and unloading times by up to **40% compared to traditional solutions**
- **Sliding and lifting roof** system enabling efficient loading and unloading
- **Internal cargo space lighting** to improve visibility during loading and unloading operations
- Side curtains and roof equipped with integrated **anti-theft** (anti-vandal) **security mesh** for enhanced cargo protection

UEX Our Locations

Our strategically located offices and operations across Europe enable us to provide efficient logistics support, close customer collaboration, and seamless transport solutions across key markets.
